DATE MAILED: 04/22/2003

Notice of Fee Increase on January 1, 2003

If a reply to a "Notice of Allowance and Fee(s) Due" is filed in the Office on or after January 1, 2003, then the amount due will be higher than that set forth in the "Notice of Allowance and Fee(s) Due" since there will be an increase in fees effective on January 1, 2003. See Revision of Patent and Trademark Fees for Fiscal Year 2003; Final Rule, 67 Fed. Reg. 70847, 70849 (November 27, 2002).

The current fee schedule is accessible from: <http://www.uspto.gov/main/howtofees.htm>.

If the issue fee paid is the amount shown on the "Notice of Allowance and Fee(s) Due," but not the correct amount in view of the fee increase, a "Notice to Pay Balance of Issue Fee" will be mailed to applicant. In order to avoid processing delays associated with mailing of a "Notice to Pay Balance of Issue Fee," if the response to the Notice of Allowance and Fee(s) due form is to be filed on or after January 1, 2003 (or mailed with a certificate of mailing on or after January 1, 2003), the issue fee paid should be the fee that is required at the time the fee is paid. If the issue fee was previously paid, and the response to the "Notice of Allowance and Fee(s) Due" includes a request to apply a previously-paid issue fee to the issue fee now due, then the difference between the issue fee amount at the time the response is filed and the previously paid issue fee should be paid. See Manual of Patent Examining Procedure, Section 1308.01 (Eighth Edition, August 2001).

Questions relating to issue and publication fee payments should be directed to the Customer Service Center of the Office of Patent Publication at (703) 305-8283.

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Noel Gillespie on 3/28/03.

The application has been amended as follows:

- a. Claims 28, 64-66 have been cancelled.
- b. Claims 29 and 36 have been amended as shown on the attachment A.
- c. ~~Claim 3~~, line 10, "the" has been changed to -a--,
 - line 10, after "frame buffer", --, having a predetermined size,-- has been added;
 - line 11, "a" has been changed to --said--;
 - lines 11-12, "having a predetermined size" has been deleted.

Allowable Subject Matter

2. The following is an examiner's statement of reasons for allowance:

The present invention is directed to a voice data communication over Internet.

The prior art of record does not tech or fairly suggest at least the following:

Creating a voice buffer from frame buffer before the transmitting step, storing the audio data in a frame buffer having a predetermined size and transmit whenever the monitoring step detects a period of silence or whenever the frame buffer is full, as specified in independent claims 3, 36 and 61;

Storing the audio data in a frame buffer having a predetermined size and transmitting the frame buffer whenever the monitoring step detects a period of silence or whenever the frame buffer is full, compressing the frame buffer before the transmission, as specified in independent claim 29;

Setting a threshold for period of silence and sound in the monitoring step, storing the incoming audio data in a frame buffer if the audio data exceeds the threshold and creating a voice buffer from frame buffer when the incoming data falls below the threshold or the frame buffer is full, as specified in independent claim 45;

Creating voice buffers from the incoming audio data at the presenting computer, transmitting the voice buffers to the server, maintaining the voice buffers in a data structure and setting a threshold for distinguishing between periods of sound and silence at the server, as specified in independent claim 52.

The closest prior art, Walker (US 5,978,756), Katseff (US 6,301,258) and Glaser (US 6,072,463), fail to anticipate or render the above limitations obvious either singularly or in combination.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should be preferably accompany the issue fee.

Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance"

Conclusion

The claims being allowed, **Prosecution On The Merits Is Closed** in this application.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
